

INDUSTRIAL FILMS & PACKAGING

Heavy-duty protection of semi-finished & finished goods during transportation & storage

Adhesive Protective Film for Aluminum Composite Panels

- Co-extruded adhesive plastic film for aluminum composite panels in building & construction
- Thickness: 30 - 150 microns
- Adhesion technology support by DuPont®
- Ensure excellent bonding on steel & aluminum

Stretch Film (Machine & Manual) & Stretch Hood Film

- Clear or colored stretch film in customized sizes with UV-stabilization option
- Available in two-side cling & one-side cling for clean pallets & improved warehouse space management
- Protection with long-term load retention
- Machine stretch film: Optimal film usage with stretch ability up to 350% on automatic pallet wrapping machines with low noise
- Manual stretch film: Full benefit without investing in machinery
- Stretch hood film: High stretch ratios without mechanical failure & high holding forces for pallet stability & protection

Shrink Wrap

- Clear or printed film with excellent shrink ratio
- Stability of products during handling & transport
- Excellent compatibility on high-speed machines
- Product protection against shock & sun radiation

PE, CPP & Barrier Films for Printing, Cutting & Lamination

- PE, CPP & barrier co-extruded film up to 7 layers with one-side treated
- 100% virgin FDA-approved PE for food & pharmaceutical packaging
- Available in clear & other colors
- Ideal for wet & dry lamination
- Excellent chemical, grease & tear-resistance
- Excellent stability & performance on high-speed lines
- Superb sealability & strong tack force for FFS machines

INDUSTRIAL FILMS & PACKAGING

Heavy-duty protection of semi-finished & finished goods during transportation & storage

Air Bubble Film

- Silver, paper or PE structure
- Used for fragile products, furniture, equipment, household items & more
- Maximum protection of your products with superior tear & puncture resistance
- Excellent air retention
- Product stability during shipment
- Available in printable rolls or laminated envelopes

Rubber Release Film

- Used in the production of rubber sheeting, tires, retreads, patches & linings
- Retention of freshness, stickiness & cleanliness of the rubber compound
- Prevention from pollution
- Economical in volume & storage
- Improvement of mechanical properties of the rubber
- Plain or embossed in different colors: Blue, green, milky, pink, violet, yellow

Warning Tape Rolls (Mono / Detectable)

- Detectable or non-detectable tapes for construction sites
- For underground cables & pipes
- For identifying working zones
- Corrosion resistant
- Available in any size & color

Wide Printed Plastic Covers for Wood Cover, Carpet & Mattresses

- Up to 3 m width film printed in up to 2 colors
- Print repeats: 100, 145, 178, 202 & 210
- Printing sides: 1 or 2

POY Core, Yarn Core & Paper Tubes

- Used for carpet, textile, petrochemical films & sheets, polyethylene rolls and all flexible packaging products requiring inner cores

INDUSTRIAL PACKAGING

Indevco Paper Containers
A division of INDEVCO group

Heavy-duty protection of semi-finished & finished goods during transportation & storage

Point-of-Purchase (POP) Displays

- Corrugated POS floor display stands & counter stands
- Attractive large format panels (up to 1100 x 1600 mm)
- High resolution graphics printing in up to 6 colors
- Wide range of accessories (hooks, shelves & supports)
- Individual packing with full illustration of mounting instructions

Corrugated Bulk Bins

- Sizes: 800 x 1200 mm or 1000 x 1200 mm footprint for optimized pallet handling
- Board basis weight: 450 - 2300 gsm
- Double or triple wall
- Support up to 1500 kg
- Heavy-duty bins to meet specific logistics needs
- Weight advantages over wooden crates
- Suitable for solid or liquid materials
- Customized according to your requirements

Regular Slotted Containers (RSCs)

- Most commonly used transportation packaging
- Practical & convenient
- Standard or retail ready high-resolution printing

INDUSTRIAL PACKAGING

Indevco Paper Containers
A division of INDEVCO group

Heavy-duty protection of semi-finished & finished goods during transportation & storage

Heavy-Duty Corrugated Boxes

- Board basis weight: 450 - 2300 gsm
- Single or double wall
- Fully-recyclable heavy-duty boxes
- Protection during transportation of semi-finished & finished products
- Suitable for solid or liquid substances
- Suitable for heavy, large or bulky goods & large home appliances
- Customized according to your requirements

Carry Cartons

- High resolution printing in up to 6 colors with regular or UV varnish, hot stamping & embossing
- Paper or plastic handles
- Windows or PE window patching for better visibility & safety
